

Cascade County Commissioners
RECEIVED

FEB 07 2020

12:15 PM
VBT

Date: 12/6/19

To whom it may concern at the Cascade County Commissioner's Office,

I am a current patient of the Montana Medical Marijuana Program and I am writing you today to express my concerns regarding the current zoning law. As a patient the current zoning laws are restricting me from receiving my medication in an appropriate manner and setting. As a patient, I believe that I deserve the right to pick up my medication in an appropriate and safe store front with a reasonable location. My options have been restricted due to these current zoning laws and it would be very beneficial to myself and hundreds of other patients to allow registered and state compliant providers to care for their patients in a professional business manner. I appreciate you taking the time to read over my concerns, and I look forward to seeing what the future holds for the community of Cascade County.

Sincerely,

Printed Name:

Casey Hoffman

As a patient, I believe that I deserve the right to pick up my medication in an appropriate and safe store front with a reasonable location. My options have been restricted due to these current zoning laws and it would be very beneficial to myself and hundreds of other patients to allow registered and state compliant providers to care for their patients in a professional business manner. I appreciate you taking the time to read over my concerns, and I look forward to seeing what the future holds for the community of Cascade County.

Sincerely,
